Recommendation/AI visibility idea · Item ID: 11116587023
- ☐ **EGR cooler blue option is underpriced** PRICING
Platform: Website · Page: <https://sinisterdiesel.com/sinister-diesel-egr-cooler-for-ford-powerstroke-2004-2007-60l.html> · Item ID: 11255027963
- ☐ **Wrong URL link structure** SEO
Ram radiator pipe URL says 2003–2007, but product is for 2010–2018 models. Page: <https://sinisterdiesel.com/sinister-diesel-radiator-pipe-for-2003-2007-dodgeram-cummins-59l.html> · Item ID: 12053661722

GD proposed / technical work

These look like vendor/technical estimates or platform architecture decisions.

Cumulative Layout Shift with megamenu fix

Estimate shown in title: \$165–\$330 · Item ID: 7402517426

CLS

Review custom workflow for subscriptions

Estimate shown in title: \$1,650–\$3,300 · Item ID: 7506007865

ESTIMATE

Move scripts into Google Tag Manager

Estimate shown in title: \$495–\$895. Updates mention inline scripts and existing GTM/GA IDs · Item ID: 6874146095

GTM

Attributes solution for Miva

Problem: product options pass to NetSuite as notes. Proposed direction: options should update with corresponding SKUs; likely all-or-nothing implementation · Item ID: 6930623325

MIVA

Switch framework to Shadows

Quote expected/mentioned for December · Item ID: 7235928345

FUTURE

Add cookie consent feature

Privacy/compliance feature · Item ID: 7856749653

COMPLIANCE

Suggested order of attack

Start with user-facing fixes: disclaimer, review count, Shopper Approved widget, footer email signup, pricing correction, and wrong URL structure.

Then scope larger builds: delivery-date messaging, estimated ship-time plugin, Miva search improvements, subscriptions workflow, Miva attributes, GTM/script cleanup, cookie consent, and framework migration.
